AUCTION SALE.

I am instructed by the Department of the Interior to sell by Public Auction, at S. J. Donaldson's Livery Stables on Tuesday, the 2nd day of September, 1891, at 3 o'clock p.m., a Surveyor's Outfit, consisting of Horses, Carriage, Waggon and Harness.

Terms cash. No reserve.

H. J. MONTGOMERY, Auctioneer.

Prince Albert, Sept. 12th, 1891.

AUCTION SALE.

I am instructed by the Department of the Interior to sell by Public Auction in front of the Dominion Lands Office, on Wednesday, September 23rd, 1891, at 11 o'clock a.m., the fractional north half of Section 36, Township 18, Range 26, west of the 2nd Meridian, containing sixty acres.

The above land is very desirable property, as it is situated within two and a half miles from the centre of the town, and is well adapted for farming or pasturing.

H. J. MONTGOMERY, Auctioneer.

Prince Albert, 15th Sept. 1891.

TOWN COUNCIL

The Town Council met on Monday evening 7th inst.

Present—Conns. McPhail, McLellan, Montgomery and Congdon. Coun. Donaldson in the chair.

The minutes were read and adopted.

COMMUNICATIONS

were received from J. M. Coombs asking for \$810.20 for School District No. 3, from H. W. Newlands re erection of telephone poles by the Bell Telephone Co.

Wainwright Bros., Adam McBeath and N. Neil, applied for two horse dray license.

ACCOUNTS

from the Clerk for express charges and telegrams \$3.80; from John Offord \$5; J. B. Mack, \$21.51; R. H. Mair, \$75; F. Robertson, \$22.30; R. D. Richardson, \$35; P. A. TIMES, \$43.50; McGregor & Stanley, \$18.

Wainwright Bros., Adam McBeath and N. Neil were granted two horse dray licenses, and the application of Geo. T. Brown for a soda water fountain license was referred to the License Inspector.

Geo. F. Mills was appointed collector for the current year. A by-law was passed allowing a rebate of 10 per cent on all taxes paid on or before 15th Oct., and from that date till 15th November a rebate of 5 per cent, after which no rebate will be allowed.

Dr. Jardine addressed the Council re advertising the town in the Dominion Illustrated published in Montreal. This matter was laid over for further consideration.

The Council then adjourned.

PORT SIMPSON TO CHURCHILL.

The proprietors of the townsite of Port Simpson, B.C., have issued a map of the Dominion showing the projected route of a railway from Port Simpson to Port Churchill, on the Hudson Bay. The line runs through the Pine River Pass thence almost direct east to Churchill passing a little to the south of Lake Athabasca. A connection with the Manitoba & Northwestern railway is shown on the east side of the mountains. Two projected lines of railway from Winnipeg and one from Calgary through Prince Albert to Churchill, are also shown. It may be doubted that the line from Port Simpson will materialize in the near future, but nevertheless some points are advanced in favor which are interesting to the people of this country. A foot note on the map reads as follows:

"The whole distance of this line is less than 1,450 miles, and it runs through a country easy of railway construction, and through the Pine River Pass of the Rockies, the greatest altitude of which is but 2,440 feet, or nearly 2,000 feet than the highest point of the C. P. R., and 5,800 feet lower than the Central Pacific. This being the shortest line that can be drawn between the Atlantic and Pacific oceans, must become the great highway of commerce for trans-Pacific trade. It unites Europe with Japan by a route several thousand miles shorter than any other that is possible.

Moreover, it connects the productive areas of Athabasca and Peace River with the Atlantic by a navigation route open, according to the Canadian Government survey of Hudson Bay, eight months out of the year.—Winnipeg Free Press.

Lower Freight Rates.

NEW TARIFF TO PRINCE ALBERT AND EDMONTON FROM WINNIPEG.

New freight tariff have just been issued by the C. P. R. between Winnipeg and Prince Albert and Edmonton and other points on the two branches which show a considerable reduction on the tariffs which they supersede. The rates to principal points are as follows:—

Winnipeg to class 1 2 3 4 5

Red Deer 2.22 1.86 1.49 1.12 1.01

Edmonton 2.45 2.05 1.65 1.23 1.11

Saskatoon 1.61 1.35 1.08 83 75

Prince Albert 1.78 1.49 1.19 92 81

The amended tariff went into effect on Thursday last.—Winnipeg Free Press.

Ottawa, Sept. 13.—Yesterday Major Stewart signed a contract for the erection of an Industrial school at Red Deer. The contract price is in the neighborhood of \$18,000.

The supplementary estimates are expected to be brought down to-morrow.

The prospect of prorogation is the chief topic of conversation amongst the members. They hope to be able to wind up business early in next week, but the general opinion seems to be that the first of October will have come before the guns boom on Nepean point.

London, Sept. 14.—The Queen's health is not good and her physicians regulate her diet more strictly than ever before. Her fare is limited to meats, chopped fine, carefully selected and prepared fish and game. She is allowed a little wine at dinner and at luncheon a single glass of bitter ale.

Cumberland advices state that a serious outbreak of pleuro-pneumonia has occurred in that district. It is feared that the valuable pedigree Shorthorns belonging to Sir Wilfred Lawson, M.P., are afflicted with the disease. The cattle already killed were valued at \$52,000.

It is semi-officially estimated that the revolution cost Chili \$70,000,000. As the normal revenue of the state is \$52,000,000, recuperation will be speedy.

Montreal, Sept. 14.—It is stated that the Quebec Legislature will not meet before December or January.

Montreal, Sept. 14.—Sir Henry Tyler president of the Grand Trunk, left for an inspection of the eastern division of the railroad. He was accompanied by some other officers of the company.

London, Sept. 14.—The premises of the Magee Manufacturing Co. were damaged by fire. Loss \$10,000.

Hamilton, Sept. 14.—John McGinty, of Beverly, fell from a hay loft and broke his neck.

Stratford, Sept. 14.—Henry Ender, a prominent citizen is dead, aged 77.

Almonte, Sept. 14.—John Macdonald was thrown from a buggy and killed.

The marriage of Mr. Tennant, brother of Mrs. Henry M. Stanley, to Miss Lizzy Tilton, a Washington belle, is fixed for December.

Halifax, N. S., Sept. 14.—Premier Fielding arrived home to day from England.

The Yarmouth steamer Georgiana has been sighted and the bodies of four of the crew found in the cabin.

Lisbon, Sept. 14.—The steamship Moselle arrived here on Sunday with the silver shipped from Valparaiso by Bal-maceda before his downfall.

Denver, Col. Sept. 14.—The Woodall Williamson Manufacturing Company made a voluntary assignment for the benefit of its creditors.

Toronto, Sept. 14.—A. G. Sampson, of Sampson Kennedy & Co. is dead, aged 59, of a complication of diseases.

Baltimore, Md., Sept. 14.—The golden jubilee of St. Mary's Roman Catholic Church, of Laurel, Md., began yesterday. The exercises were conducted on a magnificent scale.

WEDNESDAY, SEPT. 16, 1891.

IMPORTANT QUESTIONS.

The question of freight rates, train service and improvement to the station grounds are now the subject of correspondence between the Board of Trade, the Town Council and Supt. Whyte of the C. P. R. We understand that already the effect of the ex cart has been a material reduction on rates from Winnipeg. The Council and Board of Trade are undertaking to do an equally good service in connection with the train service and station grounds. We trust they also will be successful. The company are asking for exemption from taxation on certain of their property in consideration of their meeting the people on these important matters, they are simply making a fair business proposition and should be met in an equally liberal spirit. The company are willing to pay taxes on their dwelling house properties thus reducing to an almost trifling sum the amount the town would lose, should an exemption by-law be accepted by the ratepayers. It is unfortunate that so important a centre as this should be at the mercy of a railway corporation, but fortunately the C. P. R. show a more generous disposition in meeting our requests than such monopolies usually get credit for doing. This being the case, our citizens should not hesitate in giving a favorable consideration to the reasonable requests they are just now making in connection with the taxation of their roadbed, round house and coal sheds. Our liberality must not however, be too great. The C. P. R. are simply lessees of the road for a limited time, and any action taken by the Council should be governed altogether by the length of that term. They should also not lose sight of the fact that indications point strongly to another railway—the Manitoba & Northwestern reaching here in the near future, and that the action of the town now will be a strong precedent for demands being made by incoming roads. These are matters which will no doubt all receive careful considera-

tion by the Council before any by-law is submitted for the approval of ratepayers.

A sad case of suicide is reported from Calgary, the victim being a late arrival. Melancholy is given as the cause of the untimely act.

We have made fairly complete arrangements for ascertaining the grain yield in this district for the present year, and when threshing is completed hope to give our readers a reliable report.

It seems almost impossible, after reading many glowing accounts of Calgary and its surroundings, to believe that the sight of it should breed melancholy sufficient to cause suicide.

Sir John Thompson has suggested that the end of the present session of Parliament will not be in sight for some weeks to come. This should be interesting to our members who have been waiting for a word of winter clothing and a good meal.

The German Emperor continues to keep Europe in a state of anxiety. The great military manoeuvres now going on there are causing considerable uneasiness in other countries, and military men all over the continent are discussing the probable object of so great a display of German strength.

Sidewalks were made for pedestrians, not for the display of general merchandise. Such is the opinion of our town constable, and he is supported in this view by nearly every business man in town. Those who think otherwise are now undertaking to prove before a J. P., the correctness of their contention.

Contractor Hamilton is meandering westerward with his sidewalk which when it is laid, will be a credit both to the town and contractor. We fancy some of the side streets being looked after first would not have delayed completion of the work, and would have been much more satisfactory to a large number of citizens, who intend fixing up their properties as soon as the proposed walks are completed.

The town constable should be under orders to patrol River street up to 12 o'clock every night, particularly Sunday nights, on which evening many ladies are out after dark. Yesterday night last a dog fight took place on the above named thoroughfare, and the language used by some of those who seemed to be interested in the animals, was a disgrace to the town, and insulting to every who chanced to be on the street at the time.

An important meeting of the Board of Trade was held in Betts & Gwynne's office on Monday afternoon, when the report of the committee appointed to wait on Supt. Whyte in the matter of freight rates, train service and repairs to station grounds, was fully discussed and a recommendation to the Town Council on the action they should take respecting the taxation of the company's property within the town, was given. These are all important questions and should receive careful consideration from the Council and citizens generally.

The Edmonton Bulletin is after the Toronto Globe this time. It questions the wisdom of Northwest patronage being extended to it or any other papers that are found puffing up the western territories of

the United States. On a previous occasion we reminded our readers of the notice the Bulletin had taken of a Prince Albert paper for an exactly similar offence. The Bulletin is right. Any journalist that for a few dollars will undertake to boom another country at the expense of his own, is not entitled to much consideration, and can hardly expect to rank high in the estimation of those publishers that are honestly trying to develop the land in which they live. The Bulletin is certainly doing a good work for the country in keeping a sharp watch on papers that sin in this connection.

PRINCE ALBERT LAUNDRY

RIVER STREET.

Immediately west of the R. C. church.

Work called for and delivered.

Special rate given for Family Washing.

SMUDGES AND FROST

SMOKE AS A PREVENTATIVE OF FROST DAMAGE.

The following letter on smudges and frost, written by Senator Boulton to the Ottawa Evening Journal will be interesting, and we reproduce it for the benefit of our readers:—

"I observe in your issue of the 28th Aug. that in discussing the recent frost that fell in the Northwest on the night of the 26th, you draw attention to the smudges created by straw and manure heaps for the purpose of protecting the crops. The smudges are not as you suggest, so much for the purpose of modifying the temperature as to create a cloud over the crop. The frost in its early stage is, believe, a thin filmy substance that floats in the air, not general or concentrated, but easily attracted by local influences, and when the air is calm and clear it falls upon the land being heavier than the atmosphere. If there is any wind it will not fall or if it is cloudy it will not fall, and a smudge is intended to place a cloud over the crop to interpose itself between the frost and the crop, and wherever tried the effect is beneficial, but it must be attended to at the proper time, by sitting up on the night that frost is expected.

While the country is sparsely settled it is a matter of difficulty for a single farmer to distribute the cloud over his field, but when the whole country is occupied as it will be in time, the use of smudges will minimize the danger from these frosts.

The meteorological observatories at Washington and Toronto can anticipate with a moderate degree of certainty the formation of frost in the upper currents and if a system were established of frost drums on the same principle that storm drums are hoisted to warn the mariner, a large amount of good would be effected. When it is realized, as is the case this year, 20 or 25 million bushels of wheat are at the mercy of the elements, it is important the farmers should know when the moment of danger is near, that not only for themselves but for the country at large they may be assisted in that respect to garner their crop safely, and when we are aiming to produce a hundred or a hundred and fifty million bushels of wheat annually in the most northern districts of this continent the importance of the frost question becomes more apparent and of greater interest to the scientific minds who are watching the daily meteorological changes for the people.

It will be observed that on the 26th the thermometer fell at Minnedosa to 21 minimum, and has since risen to 42 minimum, showing that whatever damage 8 deg. of frost did, was done in one or two rounds of the clock, and if a thin cloud can be kept hovering over the crop about three o'clock in the morning till daylight the damage is averted and a few more days given to harden the kernel.

Minnedosa which always shows the lowest daily registering is 200 miles south of Prince Albert, so that it is evidently not latitude that develops the frost. In the neighborhood of Minnedosa are the forests of the Riding mountains, which owe their presence to the numerous lakes that have protected the forest growth from the prairie fires, therefore a large amount of moisture is likely to rise from this vegetation, and I think will account for the lowness of the temperature in the district represented by the Minnedosa observatory, especially in the neighborhood of the valley of the little Saskatchewan (in which Minnedosa lies) which acts as a duct for the frost generated in the Riding mountains. The first frosts generated in the Northwest in their early stages are not general but seem to move in streaks regulated no doubt by the amount of moisture rising from the various localities. These are influences which observation suggests, but of which we have yet much to learn and a more general distribution of observers of the thermometer would, I believe, be attended with beneficial results. These might transmit their readings to the observatory at Winnipeg, where a special study of the frost question might be instituted, and a small amount of money expended annually in that direction might be of lateral assistance in saving many millions of dollars in the value of our food supply. When localities are affected by loss of moisture the earlier ripening crops should be used.

I do not think any large amount of change has been done by the late frost, but a magnificent yield and a fine sample will be the result of tiller's industry this year in the west, the value of which to the whole country cannot be overestimated."

EUROPE'S STORM CENTRE.

London, Sept. 10.—A Berlin despatch says that the utterances of M. De Freycinet, the French Minister of War, in favor of peace are not regarded as of much weight in Germany, owing to the fact that the attitude of the French people remains so absolutely hostile, and that of Russia is virtually aggressive. It is not, believed, however, that war will begin on the Franco-Russian frontier, but that the drama will be opened at Constantinople. The news from that point has for several days overcome interest anything heard from France, and the opinion is openly expressed that a collision will shortly take place between the British and the Porte unless the Sultan chooses to yield to England's demands. If he defies Lord Salisbury he expects to see the Russians, under pretext of assisting him, promptly occupy Constantinople; and if he does give it to the British, then the Russians become his enemies.

The Sultan is said to be more perplexed over the situation and angry at the dismissed ministers, whom he accuses of having got him into the dilemma. The latest story of their dismissal is that the Grand Vicer Kiamil and the minister of war permitted to leak out a plan that the Sultan had formed for the overthrow of the Khedive, Tewfik, and the resumption of sovereignty over Egypt. The Sultan has long been urged by Russia and France to put an end to British occupation in Egypt, and his own inclinations were decidedly in that direction. It is said on excellent authority that a plot had been formed to seize Tewfik, and to convey him to Constantinople as a prisoner, where his father, I-mail is now held in virtual captivity. Then to appoint a new Khedive by a firman direct from the porte and demand that the British at once recognize his authority, which would be sustained by the landing of Turkish troops at Alexandria. It was believed that the British would not under such circumstances care to enter into open hostilities with the Sultan or Sultana of Egypt. The plot was believed to be a profound secret, confined to the Sultan, to Vizer Kiamil and the Minister of War, but somehow the British became aware of it, and the sudden appearance of a British fleet in Alexandria in July was the consequence of the discovery, and a notice both to the Egyptians and to Turkey that any interference with Tewfik would be followed by another bombardment.

GENERAL NEWS.

London, Sept. 10.—George John Carnegie, ninth Earl of Northesk, died to day. He will be succeeded in the title by his eldest son, Lord Roschill. The late earl, who was at one time lieutenant of the Scots Fusilier Guards, was born in 1845.

It is reported that Common, the winner of the first St. Leger Stakes, has been sold to the Austrian Government for £14,000.

Montreal, Sept. 10.—Word was received here to-day from Ottawa that Hon. Senator Lacoste has been appointed Chief Justice of Quebec. The appointment meets with general approval here.

The Canadian Pacific earnings for the week ending Sept. 7th were \$398,000; for the same week last year \$367,000.

Ottawa, Sept. 10.—The Government has decided to increase the depth of the new Canadian canal at Sault Ste. Marie to a depth of 19 feet at an additional cost of \$500,000. The deepening of the harbor and approaches will and another \$500,000, making the total cost of the work about \$4,000,000.

Vancouver, Sept. 10.—Every berth was taken on the Empress of Japan which sailed for Yokohama yesterday and applications for passage were refused.

The prospects for future sailings are that the passenger lists will continue very heavy. The outward cargo is also steadily increasing.

St. Petersburg, Sept. 10.—The Russian army manoeuvres have commenced in the Vistula valley under General Mikotach.

Ottawa, Sept. 10.—Premier Abbott will open the Carleton fair next week.

Judge Tessier, of the Supreme Court of Quebec, has resigned owing to ill health.

Mr. Samuel E. Dawson, Montreal, is talked of as "Queen's Printer" in view of the probable retirement of Col. Chamberlain.

Quebec, Sept. 10.—The Governor-General, the Earl of Letham and Lord Kilcourse left last night for Montreal.

CONSUMPTION.

I have a positive remedy for the above disease; by the use of thousands of cases of the worst kind and of long standing have been cured. Indeed so strong is my faith in its efficacy, that I will send TWO BOTTLES FREE, with a VALUABLE TREATISE on this disease to any sufferer who will send me their EXPRESS and P.O. address. T. A. SLOOM, M. C., 186 ADELAIDE ST. WEST, TORONTO, ONT.

J. A. Macdonald & Sons

WHOLESALE AND RETAIL BUTCHER.

Owing to circumstances arising over which we had no control, we have closed our shop for a short time.

Thanking our customers for past favors, we are pleased to inform them that we will re-open in a few days in our new premises.

PRINCE ALBERT - SASK

\$8,000 GIVEN AWAY.

Great Fourth Half-Yearly Midsummer

Literary Competition

Of the Canadian Agricultural and Home Magazine, closes Oct. 29, 1891, when the following magnificent rewards will be given to persons sending in the greatest number of words, made up out of the letters in the words "Home Magazine."

First reward, \$1,500 in gold; 2nd, \$1,000; 3rd, \$500; 4th, \$250 Grand Piano; 5th, \$500 Organ; 6th, \$250 Grand of Pianos and Carriages; 7th, \$150 Gold Watch; 8th, \$100 Ladies' Gold Watch; 50 prizes \$25 each, China Tea Set, 50 Hunting Case Silver Watches, 100 Boy's Silver Watches, all fully warranted; 25 prizes \$10 each, 100 prizes \$2 each, and 200 at \$1 each, making a total of 569 splendid rewards, ranging from \$1 up to \$1,500. All prizes delivered free in U.S. and Canada.

The words must be constructed only from letters contained in the words "Home Magazine."

Foreign or obsolete words not allowed; neither will singular and plurals of same word be allowed.

The words must be numbered 1, 2, 3, and so on, to facilitate the awarding of prizes.

The list containing the largest number of words will get first prize, the next second, and so on.

Each list must be accompanied by \$1 for six months' subscription to The Canadian Agriculturalist, one of the best illustrated Home Magazines in America.

This is NO LOTTERY—merit only will count. The reputation for fairness gained by The Agriculturalist in the past is ample guarantee that this competition will be conducted in like manner. Send 3c. stamp for full particulars, to The Canadian Agriculturalist, Peterborough, Canada.

A few thoughts concerning

ASTHMA

Its Cause and Cure

Must interest every one afflicted with this terrible disease. To describe this disease to one that has suffered for years the untold agonies of suffocation and distress night after night and who in many extreme cases would only gladly welcome death in order to be relieved from such suffering with no prospects of ever being any better is not pleasant to contemplate. All the boasted remedies heretofore claimed to cure Asthma have failed for only given temporary relief. The smoking of leaves and barks, saturated papers and pastilles has been resorted to as the last means for only a temporary relief anything being considered a blessing that will release the grasp of the fingers of death even for a short time, which seems to be tightening every moment more and more; the sufferer knows that he is Asthmatic. To-day suffocating, in a few days relieved, and no good reason can be given as to the cause of these sudden changes and return of suffering, only by the poisonous blood acting on the nerves producing the disease. In Asthma there is a

SPECIFIC POISON IN THE BLOOD THAT MUST BE DESTROYED

before Asthma can be CURED

CURED

This poison is oft-times inherited and passed through many generations, and is fatal, never losing its power to produce Asthma and oft-times affecting the lungs and bringing the sufferer down to a Consumptive grave. Location, with surrounding causes will arouse and set to work this poison in the blood, so that in some sections of the country an Asthmatic cannot live, even in one part of a city their suffering is intense, move to another part and they are entirely free from Asthma. Thus you learn that there exists a certain poison in the system, that when certain influences are brought to bear that exist in the atmosphere in many localities will develop this poison in an Asthmatic, and thereby affecting the NERVES, producing spasms and difficult breathing, with heavy Asthmatic has had such sad experience with, suffering, and no hope of being cured, a having tried every known remedy, exhausted the skill of the physicians, have given up in despair.

After years of study and patient research and experimenting the disease has been cured. We present a cure for Asthma, known as DR. TATUM'S ASTHMALENE, which will entirely destroy this poison in the blood and restore the nerves to a healthy condition and when this is done the spasms will cease, the choking will subside, and the injury done to the lungs will begin at once to be repaired and the nerves restored to perfect health. ASTHMALENE is unlike all other so-called Asthma cures, as it CONTAINS NO Opium, Morphine, Ipecac, Squilla, Lobelia, Ether, Chloroform or any other Anodyne or Narcotic, but its combination is of such a nature that it will destroy every particle of this poison in the blood and eliminate it from the system, effect a cure and give a night's sweet sleep. We have received thousands of testimonials from every State in the Union of the marvelous cures from the use of the ASTHMALENE. We have never published them, for testimonials have been manufactured so extensively and sold so cheap that people have no confidence in them.

WE DO NOT WANT YOU TO SEND US MONEY

We do not make out a long list of pricing, personal and impertinent questions, nor do we resort to any clap net or any nonsense of any kind in order to make monthly or permanent patients; we only ask any one suffering from Asthma to TRY A FEW DROPS of Asthmaleene. We make NO CHARGE FOR a trial bottle to sufferers from this terrible malady. Send your name on a postal card and we will mail

FREE

enough of Dr. Tatum's Asthmaleene to show its power over the disease, stop the spasms, and give a good night's rest, and prove to you (no matter how long your case) that ASTHMALENE CAN CURE ASTHMA, and you need no longer expect your business to go to a chair all night gasping for breath for fear of a "coughing fit."

LOCAL HAPPENINGS

In Our Midst.

F. C. Baker is prepared to take orders for all kinds of ladies' and gent's Fur Goods.

Stewart's new store, corner River and King streets, is almost finished. Mr. Stewart will remove his business there shortly.

On Saturday next, at the Police Barracks, Buckley the auctioneer, will offer for sale a number of east horses. The sale commences at 11 o'clock a.m.

Charge! Chester, Charge! That might do for Chester, but it won't do for T. O. He don't charge, he sells cheap for cash.

A large number of our townspeople intend visiting Winnipeg this month for the purpose of attending the Exhibition to be held there on the 28th inst.

For Ladies' Jackets, Ulsters, Shawls and Children's Woolen Goods, go to F. C. Baker's.

Mr. J. W. Roscoe, of Carrot River, spent a couple of days in town this week. Mr. Roscoe reports harvesting about finished and excellent crops reaped in that district.

Gents, if you want a good easy Shave, and a fashionable Hair Cut, call at the Prince Albert Barber Shop, next door to Betts & Gwynne.

My love she keeps a restaurant, you bet, and she buys Saskatchewan Pride Tea at T. O. Davis'.

Sproat & McLeod have opened out a large consignment of ready made clothing. They are first-class, and the best for the money ever yet offered in the town.

If you want anything in China, Stone ware, or Glassware, go to F. C. Baker.

J. W. Toogood has removed his fruit and confectionery business to the new store alongside of Russell's butcher shop. The new store has been specially fitted up for Mr. Toogood, and we wish him success.

The fire in the grate don't show a good light. Buy one of T. O. Davis' \$1.75 Lamps with beautiful decorated shades, worth three times the money.

Mr. Walter Meyers, of Carrot River, paid the town a short visit this week. Mr. Meyers is preparing for a trip to Winnipeg with the object of attending the Industrial Exhibition to commence there on the 28th inst.

What people we meet! All kinds of shapes, but they can't hold a candle to the new Hat Shapes at T. O. Davis'.

Mr. O'Connor, of the Prince Albert Barber Shop, has brought in three beautiful mirrors for his shop. They are of a large size, plate mirror, and have handsome black walnut frames. Give Mike a call and see them.

Buy your Groceries from F. C. Baker, the Goods are always fresh and nice, no old stock.

The last competition in the Territorial League matches takes place on Saturday afternoon next. We hope to see the two local teams make good scores on this last occasion, as the police now stand first and the Association team second in the competition.

When the Leaves begin to turn. It is about your turn to leave a few dollars with T. O. Davis for a fall outfit.

Dr. White and family, of Toronto, arrived here on Saturday last, and is staying at the Queen's. Dr. White is negotiating with Mr. T. E. Jackson for the purchase of his drug business.

Come Where my Love lies Dreaming. What is she dreaming about? The new Goods in T. O. Davis' store.

The Electric Light Co. are engaged in stretching their wires over the poles already erected, and have run a number of wires into several of the business houses on River street. Everything looks favorable for the light being in operation by the 1st of Octobe.

The Village is Deserted. Just so, all the people are down at getting big bargains at T. O. Davis'.

H. J. Montgomery has received in attractions from the Department of the Interior to sell by public auction at Donaldson's stables, on Tuesday, 22nd inst., a surveyor's outfit, consisting of horses, carts, waggons and harness. This will be a cash sale, and no reserve.

Dr. T. A. Stocum's
OXYGENIZED EMULSION OF PURE
COD LIVER OIL.

Will He Ever Come? He will, and bring you one of the Camel Hair Co. comes from T. O. Davis' with him.

Dr. Porter left for Montreal last Monday. While there he will attend a meeting of the Dominion Medical Association.

Mr. James Sanderson has commenced the erection of a new dwelling house for himself in the west end, convenient to the mill.

J. O. Davis has removed his general store business to the building next door west of Sproat & McLeod's, where he is busy opening out a large and fresh supply of goods.

When the Flowing Tide Comes In. It won't bring you any such bargains as you can secure from T. O. Davis.

W. R. Fish is having a large addition built to his store. Hurd & Nelson are busy putting in shelving, etc., and otherwise finishing up the building. Mr. Fish will now have one of the largest stores in town.

Mrs. R. Stevens, of the South Branch, the unfortunate woman whose mind recently became unbalanced, was taken to Regina last Monday. She will be confined in the gaol there till other arrangements can be made.

H. J. Montgomery will sell by auction, on the 23rd inst., fifty acres of valuable land, within two and a half miles of the town. The sale takes place at 11 a.m., in front of the Dominion Lands Office. See posters and advertisement.

The annual exhibition of the Carrot River Agricultural Society takes place on the 27th inst. A number of our townspeople intend going out to Carrot River for the occasion, as a first-class exhibit is expected.

Lacroix, Bros. have purchased the old blacksmith shop in rear of Johnson's hardware store, and they are now in a position to do horseshoeing carriage work and all kinds of repairing on the shortest notice, also first-class carriage painting guaranteed. Call and see them in their new shop.

Razors honed and put in order, Scissors ground and made to cut. M. O'Connor has set up an emory wheel expressly for grinding shears. So ladies, don't use dull shears. Send them to the Prince Albert Barber Shop and have them ground and put in good shape. Next door to Betts & Gwynne.

On Monday last, Mr. St. Louis, manager for the Massey Manufacturing Co. brought in another steam thresher and traction engine. This one is for the Shannon Bros. of the Lower Flat. This is the second one brought in this year by Mr. St. Louis, who has taken orders for two more machines of the same kind. Mr. St. Louis is a live business man for his company, for whom he is doing a first-class trade.

We are in receipt of a copy of the programme of the Assiniboia Provincial Rifle Association third annual prize meeting, to be held at the Association ranges, Regina, commencing on Wednesday, September 23. In all there will be some seventeen events. The prizes are valuable and numerous, and are very creditable to the Association. We hope to see a number of our local rifle shots attend this meeting, and have no doubt of the good account they will give of themselves.

The following item was taken from the Montreal Star of August 31st:—"Major George Williamson, of Kingsbury, Quebec, has just returned from a trip to the Northwest, and comes back loaded up with information of that country, which he declares is a great country. Mr. Williamson was with a Canadian Pacific Northwest excursion, and went as far as Prince Albert, stopping also at Regina and Winnipeg. He states that a good many of those who went on the excursion, which numbered about 500, stopped in the Northwest, and took up land, while a great many intending settlers were daily arriving in the country. The farmers along the line were harvesting and some were stacking. The crop was a heavy one, and at the time Mr. Williamson was in Prince Albert, last Thursday, no damage had been done to the crops."

METEOROLOGICAL

The following are the thermometer readings, as taken at Emmanuel College for the past week:—

Sept.	MAXIMUM	MINIMUM
" 6th.	72	49
" 7th.	75	40
" 8th.	81	39
" 9th.	79	48
" 10th.	81	54
" 11th.	88	46

I CURE FITS!

When I say I cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I want my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give EXPRESS and POST OFFICE. H. G. ROOT, M. C. 186 ADELAIDE ST. WEST, TORONTO, ONT.
